⚡ KEY FEATURES

Next-Gen Interview Technology

1 Realistic AI Mock Interviews

Multimodal Voice & Video

- ✓ **Human-like AI Rounds:** Natural conversational interviews simulating real hiring managers.
- ✓ **Adaptive Questioning:** Dynamic technical, behavioral & system design questions.

2 360° Granular Feedback

Actionable AI Evaluation

- ✓ **Instant Multi-Metric Scoring:** Evaluation on answer accuracy, speech & confidence.
- ✓ **Body Language Tracking:** Computer vision feedback on eye contact, posture & delivery.

3 Company-Style Hiring Bars

FAANG & MNC Curriculums

- ✓ **Targeted Prep Tracks:** Specific interview tracks modeled on Google, Amazon, TCS & startups.
- ✓ **Resume Parsing:** Tailors questions directly to candidate resumes & job descriptions.

4 Live Code IDE & Sandbox

Real-Time Coding Evaluation

- ✓ **Embedded IDE:** Monaco editor supporting 10+ languages with live code execution.
- ✓ **Automated Benchmarking:** Instant test case execution and complexity assessment.

⚡ CANDIDATE EXPERIENCE WORKFLOW

Automated 3-Step Evaluation Journey

1. Profile Upload

2. AI Voice/Video Round

3. Instant Scorecard
