

Voke AI — B2B Strategy & Financial Deck

Institutional Sales (Colleges) & Corporate Automated AI Video Screening ("Voke Hire")

ANNUAL B2B
MODEL

Executive Overview: Annual B2B Pricing Strategy

All college B2B prices are **strictly ANNUAL contracts** (paid 100% upfront per academic year). At **₹399 to ₹799 per student for the entire year**, a college pays only ~₹33/month per student for unlimited placement drills, body language evaluation, and TPO analytics. This yields massive upfront cash flow and **83% to 92% Net Margins** for Voke.

Vertical 1: Colleges & Universities (B2B Edu — Annual Upfront Contracts)

Target Buyer: Training & Placement Officers (TPOs) and Deans.

Value Proposition: Replaces manual mock interviewers (costs ₹3,000–₹5,000/student) with 24/7 automated company-specific mock drills (TCS, Deloitte, Capgemini, Amazon) + TPO Admin Analytics Dashboard. Paid 100% upfront per year.

● Why Annual College Pricing Works

- ₹399/student/YEAR equals only ~₹33 per student per month. For a college, this is incredibly affordable.
- **100% Upfront Cash Flow:** Colleges pay the entire annual contract amount (e.g. ₹3.99 Lakhs) on Day 1.
- **83%+ Net Margin:** AI delivery costs are only ₹64.40 per student for 10 sessions across the entire year.

● Summary Matrix

- **Starter College:** ₹1,25,000 / year (250 students) $\rightarrow$ Net Profit: **₹1,08,900**
- **Standard Campus:** ₹3,99,000 / year (1,000 students) $\rightarrow$ Net Profit: **₹3,34,600**
- **Corporate Growth HR:** ₹19,999 / month (250 screenings/mo) $\rightarrow$ Net Profit: **₹18,874**
